

**We would like to welcome you and your  
child to Allendale Primary School In  
September 2022.  
Please take a look inside.**

Hopefully you have been for a visit to the Pipit Class at Allendale School, but if you haven't, good news - you can come very soon.  
This is the entrance to our Pipit Class.

Your special grown ups/teachers are going to be Miss Armstrong and Karen. You can meet us in little videos on our website and we are looking forward to seeing you at school and letting you explore all the exciting things you can do at playtime.

This is the entrance to school and the playground you will cross to get to the Pipit Classroom.

In the morning your grown up will bring you to school and when you arrive you will wait outside for Miss Armstrong and Karen.

If you have been in nursery in the Pipit Class at Allendale Primary School , good news, you can come back very soon! Lots of things will be the same as they are here, but there will be a few things that are different for a while too.

We know you might like to bring your own packed lunch or sometimes you might like to have a school dinner. This is the dinner hall where you can enjoy your lunch. We have four dinner staff to help you Mrs Nichol, Mrs Bishop, Mrs Hemmer and Miss Pringle.

We might not all play together in one big group with the older children in the school until you have settled into our class. In our Pipit Class will be:

Miss Armstrong, Karen, Mrs Lamb,

We've been in little bubbles at school but now we mix with all the other classes for special events. The older children really enjoy looking after you and they take it in turns to be Pipit helpers at lunchtime.

When you come into class, it's still important that you wash your hands.

We spend a little more time apart from the older children in the rest of the school at first. So we will be taking it in turns to do things like play outside, go for lunch, and wash our hands.

This is our upper garden. We can ride on vehicles, balance on the obstacle course, climb and play in the cottage.

Here are some photos of our yard, field and sand pit-we call it the Beach. You can bring wellies to keep in school and play on the field. You can also bring in your own bikes or scooters to ride on at playtimes. We can enjoy fruit most morning playtimes together too!

This is where we will spend lots of our time in our Pipit Class. We can have milk here and listen to stories, play with our friends, sing songs and do lots of other fun activities too. You will be able to wear the red Allendale uniform too when you come to school.

Lots of things will be here to play with. But some things may have moved and some things may have been put away for a little while. These are some of the things that will be there for you to play with.

We've set up the areas in the Pipit class so not too many children play in them at the same time. There are signs to tell you how many children can play in an area at one time. It may have a 1, 2, 3, or 4. But don't worry as Karen and Miss Armstrong or Mrs Lamb are always there to help you to learn, play, have fun and stay safe.

It's important that we keep our hands really clean to keep everyone safe and healthy. This is the Pipits porch where the boys and girls toilets are and where you can wash your hands at School.

We've got lots of tissues for you to use for blowing your nose. We've put them right next to the bin so you can pop it straight in afterwards. Don't forget to wash your hands again!

We all need to help keep our school very clean so we can have lots of fun together cleaning some of the toys after we've played with them. We might wash the bikes at the 'car wash' or 'bath' — the toys in a bucket of soapy water.

Sometimes, your teachers might need to wear some special things to keep us all safe. Like when you are poorly or need to have your clothes changed.

When it's time for you to go home, this is where we will go to meet your grown-up. They will wait at the bottom of the ramp and we will send you out to them once we can see them.
