

## English

Pupils will be writing travel guides and brochures for different locations across the UK. We will also be writing short mystery stories, poetry and reading a number of whole-class texts together.

# A History of Britain

**Kestrel Summer Term**

## ICT

We will be creating our own vector drawings.

## PE

We will focus on athletics, net and wall games as well as batting and field games.

## Music

We will be working with Mr Reed for singing and with Calum Howard to create our own composition.

## RE

Mr Rose will lead the class in exploring Christianity and Humanism.

## Science

In Science, we will be learning about evolution and inheritance. How did humans, animals and the plants we see in the world around us come to be as they are now?

## Art and DT

We will be making wire sculptures inspired by David Oliveira.

## French

Pupils will be learning to form conversations and write about sports and hobbies.

## History and Geography

In our topic 'A History of Britain', we will look at how our country has changed politically, culturally and physically over the centuries.

## Maths

In maths, we will be learning about scales, ratios and handling data. We will also recap and revise the curriculum covered in the Autumn and Spring terms.

## PSHEE

We will be looking at ways to lead a healthy life. This will include learning about healthy diet, hygiene, sleep habits, exercise and mental health.
