

## Art/DT

- Learn about the artist Peter Thorpe and a range of digital artists. Develop and create their own digital picture and painting with a space theme inspired by the work of others.
- Explore colour mixing and use sketch books to record and develop ideas.
- Design and build a moving vehicle using a range of tools and materials and evaluate their final product.

## Literacy

- Inspired by *Rain before Rainbows*, the children will write rhyming couplets and poems. Practise adding suffixes and create noun phrases. Read a range of poetry and write their own poems.
- Understand the features of a recount, explore the progressive form of past tense and write a recount about Shackleton's voyage to the Antarctic.
- Spelling, punctuation & grammar.
- Read Write Inc - practise and develop phonic knowledge, reading skills and writing skills through a variety of texts.

## Science- Light

Through a range of enquiry lead investigations children will learn that

- we need light to see things and that dark is the absence of light
- light is reflected from surfaces
- light from the sun can be dangerous and that there are ways to protect their eyes
- shadows are formed when the light from a light source is blocked by an opaque object and will have the opportunity to make shadow puppets.

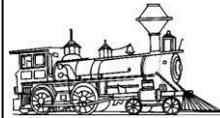

## Humanities

- To learn about how transport has changed over time and how this has had a significant impact on how we live today.
- Learn about the lives of the explorers Shackleton and Norgay and consider their qualities and achievements.
- To learn about the locations of Antarctica and Everest and compare these locations with the UK and discuss which exhibition the children would like to go on and why.

# Transport and Travel

## Skylark Class Curriculum Information

Spring Term 2023

## ICT

- Explore the world of digital art and create painting with digital devices.
- Understand the various aspects of the computer to create and change text.
